

SELF INKING STAMPS SIZES

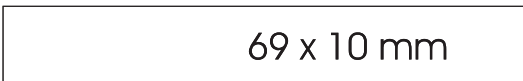

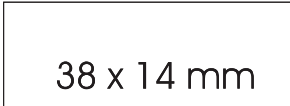

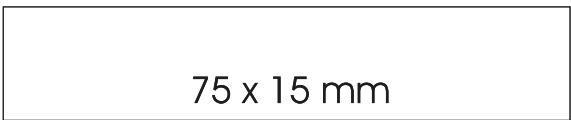

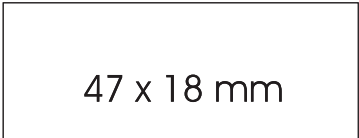

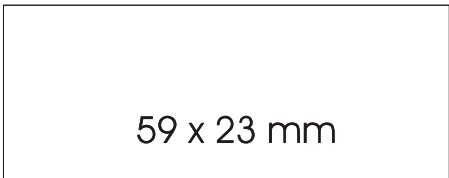

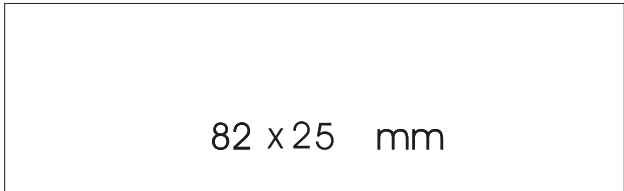

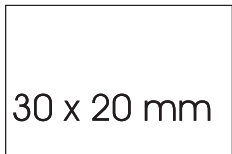

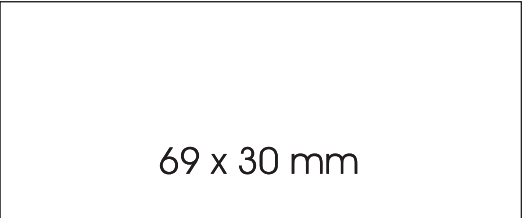

This is a Colop P10 self-inking stamp

Self inking stamps are a simple solution to stamping, just press and print it's that simple, there is no need for a separate stamp ink pad because the ink is contained in the stamp itself.

You'll get clean, crisp impressions every time and after thousands of impressions, come back to us and we can re-ink your stamp and your good for thousands more.

For ordering online or over the phone note down the stamp number next to the size of stamp required (such as P10 as above) if you are still not sure then give us a call.
